INTRODUCTION

The imperative requirement of our existence as humans is tolerance and respect for human rights expressed in good governance for better life. That notwithstanding however, we are not oblivious of the fact that the disparity in the political state of our great country, wherein for over twelve (12) years of institutionalizing democracy, governments at different levels and by different political platforms while enthroning individual aggrandizement have misled the polity into gullies of uncertainty, irregularities, neglect at the local level, abuse of human rights and disrespect for the rule of law: All these being products of the conservationist ideals, in deviant of the principles of social democracy. We therefore recognize the need to truly build a New Nigeria out of the shambles that have hitherto bedeviled us as a nation. A Nation uniquely united in her diversities and governed on the ideals of social democracy as well as on a determination of all and sundry to build a desired peaceful, free and united country.

The challenges which mainly border on politics, economy and social welfare need a wholistic but precise approach in harnessing our pool of human resources and natural wealth potentials for nation building. Acknowledging works of our heroes past through fear of God, respect for constituted authorities, belief in Nigeria and commitment to social justice and economic progress; it is our resolve and determination to restore citizens’ rights and security through an established leadership system based on social democracy ideals for generations to uphold with pride and confident to serve and represent.

In pursuant of this goal, we classify the Nigerian challenges into four (4) cardinal areas:
1. Industrialization.
2. The politics.
3. The economy
4. The social welfare
And as a consequence of these, we the like minded stakeholders do resolve on this 27\textsuperscript{th} day of December, 2013:

i. To work together with like minded comrades who are citizens of Nigeria on this political platform to sensitize and guide the people through this reformation of the polity

ii. To establish a true democratic governance void of lack of correspondences and personal ambition for a participatory followership and accountability

iii. To run a leadership that is responsibily responsive to the needs and aspirations of our people at all levels

iv. To enhance an economic growth by ensuring fair and equitable distribution of resources and opportunities

v. To avail our party members the opportunity to contest and serve at Federal, State and local Governments by providing a free and fair political condition that is void of discrimination of all kinds, tribalism and class oppression by firm enforcement of strict code of conduct among members of the party and political office holders and

vi. To uphold the sanctity of the Constitution of the Federal Republic of Nigeria while defending the ideals of social democracy
